

Registration for the National Examinations preparation in Amharic

Dear Sir/Madam:

As for the 2019-2020 school year, non-Ethiopian children will have the possibility of registering for the Ethiopian National Examinations preparation course in Amharic (compulsory for students of Ethiopian nationality), that will be held 2 hours a week (including CP level), in the afternoon, outside school hours.

This year the Ethiopian Ministry of Education also introduces a new examination: Grade 6 National Examination which will take place at the end of CM2.

Lycée Guebre Mariam offers this preparation free of charge to pupils who don't have Ethiopian citizenship, but whose father or mother holds Ethiopian citizenship.

Pupils registered for the preparation and who do not meet the above condition will receive invoices corresponding to the pricing of an "Extra-Curricular Activity".

Please complete the reply coupon below

Child's name: _____

Child's first name: _____

Joins class of _____ (indicate level)

I want my child to :

be registered

not registered

for the National Examinations preparation in Amharic which will take place in the afternoon (2 hours per week)
