

**Choice of linguistic path – 1<sup>st</sup> registration in MS or GS or CP**

Dear Sir/Madam:

You will have to choose entry to a “linguistic path” for your child at the start of the next school year. These paths will have 2 dominant:

- English-speaking dominant
- Amharic-speaking dominant

The linguistic path **is compulsory at the kindergarten level**. Your child will follow this linguistic path all the primary school. He (she) will thus join the secondary level with a reinforced command of one of the two offered languages, while benefiting from an introduction to the other language.
